**wave wide sideboard (506):** 81" w x 18" d x 34" h

Our **Wave Dining Collection** draws its inspiration from the seafaring heritage of Denmark--from the sinuous curved-front sideboards to the hull shape of the dining table top. The sideboard is available in three widths: 32", 63" and 81" and the hutch is available in 32" and 63" wide. All sideboards feature felt-lined drawers. The dining table expands to seat up to 12 of your guests with a patented butterfly leaf. Made in Denmark. **Finish Options:** Available in multiple finishes--see your Design Consultant for details. Wide Sideboard not available in Wenge.
