The **Nero Table Collection** from South Africa left us speechless when we first saw it. Each slate top is completely unique in color, texture, shape, and size. The 200 million year slate from South Africa is hand-mined and shaped assuring that no two are exactly alike. It comes from an area rich in mineral deposits and iron ore, which imparts it with rich autumn tones. Made in South Africa.

**Finish Options:** Slate top with torched wood base.
