

# tesla table collection

**tesla coffee table:** 52" w x 28" d x 17" h, teak-stained ash and slate

**tesla console table:** 56" w x 20" d x 28" h, teak-stained ash and slate

**tesla end table:** 30" w x 24" d x 22" h, teak-stained ash and slate

Our **Tesla Table Collection** from South Africa comes from an area rich in mineral deposits and iron ore, which gives the slate its red earth tone colors. Each piece of hand-shaped slate is 200 million years old and no two are exactly alike. The prairie-inspired architectural design of the leg base works well in your contemporary or transitional interior. Made in South Africa.

**Finish Options:** Teak-stained ash with slate top.
